RESOLUTION.

The Government of India have had under their consideration the question of framing definite rules to regulate the incidence of the cost of protecting railway bridges. With the approval of His Majesty's Secretary of State for India and after consultation with the Railway Companies concerned it has now been decided to lay down the following rules on the subject:—

(1) Railway bridges, in common with other railway goods and premises, will ordinarily be protected by watchmen in the employ of the railway concerned.

(2) In the event of the replacement of these watchmen by military or police guards:—

(*a*) When the services of the military or police guards are placed at the disposal of the railway at the request of the railway administration the cost of the guards will fall upon the railway;

(*b*) If the substitution is made on general grounds of State policy and the service is taken over by the police, military or other public service department as part of its regular duties, the charges will fall upon Government and will be debited to police, military, or the other department concerned, as the case may be.

Ordered that the Resolution be communicated to the several Departments of the Government of India (except the Legislative Department); all Local Governments and Administrations; to the Financial Adviser, Military Finance; to the Comptroller and Auditor General; all Accountants General and Comptrollers; the Examiners and Government Examiners of Railway Accounts and the Examiner of Accounts, Military Works Services.

E. BURDON,

Under Secretary to the Government of India.
